

Rentalpointv11 SMS Module

Purpose of the module

This feature allows operators to send text messages to technicians confirming their assignments

Initial Setup

- 1. Create an account on SMS service 'KAPOW' http://www.kapow.co.uk/index.html
- 2. Set up your sending options via <u>https://www.kapow.co.uk/user.html?view=sendingoptions</u>

Optional Settings Are:

- Change your 'from-id'. It is set to 'kapow.co.uk' by default (it is a paid service)
- Add trusted Email Addresses
- Set SMS parameters

Caution: SMS parameters (Long SMS) defines how long your messages could be (maximum 9 parts, 153 characters each). Messages longer than the set length will be truncated.

RentalPoint setup

- 1. Go to Parameters Cloud setup SMS Kapow Account.
- 2. Enter your User Name and Password from Kapow Account:

R ^e Setup Company Cloud Account	×
Enter the details for the company cloud account.

			Template						
Hi, { Are "{Cu You <mark>fill</mark>	TechNami you avail istomer}" task is go <mark>your tem</mark>	:)! able from {DateFrom; needs you at our {Ver ing to be {Designatio uplate with any in!	}till {DateTo} nueAddress} n} formation, to check click this button	Test Template		🔊 Send SM	15		
D:	ate format	t dd/mm/yyyy 'a	at'hh:nn Date foi	mat could be changed		Send Em	ail		

Template parameters:

{TechName} – Technician full name

{DateFrom} – Date and time task starts

{DateTo} – Date and time task ends

{VenueAddress} – Shows Venue name, Street, Suburb, City

{Customer} – Customer Code

{CrewChief} – Crew Chief full name

{Designation} – Designation

{JobDescription} – Job Description

Rentalpointv11 SMS Module

To insert parameters – right click in Template field:

Template	
Hi, {TechName}! Are you available from {DateFrom} till {DateTo} "{Customer}" needs you at our {VenueAddress} You task is going to be {Designation}	
	{TechName} {DateFrom} {DateTo} {VenueAddress} {Customer}
Date format dd/mm/yyyy 'at' hh:nn	{CrewChief} {Designation} {JobDescription}

To change Date format to default – right click in Date format field:

Date format yyyy/dd/mm				
		dd/mm/yyyy 'at' hh:nn		

Phone and Email could be manually changed via Send SMS tab (but will not be saved on next open), also you could double click on a row and make an adjustment in the contact record.

Test your template before sending by clicking 'Test Template' button:

Confirm	
?	Hi, Mikle Forestman! Are you available from 2015/03/03 till 2015/08/03 "LONG" needs you at our Your task is going to be DEFAULT
	OK Cancel

If everything is fine, just click on 'Send SMS' button/Send Email:

•	Code	Name	Phone	Email	Send Result
~	MF	Mikle Forestman			Phone not assigned
•	JG	Joseph Gzinski			Phone not assigned
•	AJ	Anton Jakimenko	380687165082	cadet@vikas.com.ua	ок

If Send Result was populated with "OK" – the message has been received:

Troubleshooting: If you don't get an "OK" for Send Result then an error occurred.

- Double check The following:
 - Your user name and password via Cloud setup
 - Your internet connection,
 - Number of credits you have in KAPOW.
- If all the above looks alright you need to click on a send result field and copy error message, it could be like:

USERPASS=ren&password=pas&mobile=380687165082&sms=Hi,%20Anton%20%20Jakime nko!%0D%0AAre%20you%20available%20from%202015%2F03%2F03%20till%202015%2F0 3%2F03%0D%0A%22Customer%22%20needs%20you%20at%20our%20%0D%0AYour%20ta sk%20is%20going%20to%20be%20DEFAULT%20%0D%0A%0D%0A

And send it to <a>support@rentp.com
